PUBLIC MEETINGS.

BOARD OF ALDERMEN.

Monday, Oct. 12.—Ald. Clancy, President.
Peritions were referred to the Committees on different abjects.

Donations.—The Committee on Finance reported in

Donations.—The Committee on Finance reports it in favor of donating \$500 to the New York Ear and Eye Infirmary, being less than the usual yearly allowance.
Ald. Tucker opposed cutting down the allowances to such benevolent institutions. He hoped retreachment would be carried to the utwost extent, but that it would not interfere with the usual objects of charity.
Ald. McSpenox said the Committee had found from the condition of the appropriations, that they could repert for no higher sum. The City Chamberlain had indeed to-day refused to pay many bills presented on account of the city. cented on account of the city.

Ald. Tucker withdrew his objections, and the re-

Ald. Tucker withdrew his objections, and the report was adopted.

Reports on sundry matters from the Board of Committees.

Permission to "Big Six."—Ald. An ams offered a resolution that Engine Company No. 6 be allowed to use their engine on the occasion of the reception of Engine Company No. 19 on Saturday, 17th instant.

Adopted.

The Ecorganization of the Finance Department.—Ald. Fulmer, as one of the Finance Committe, presented a minority report on the reorganization of the Finance Department, as required by the new Charter. He complains of errors existing in the majority report or viously published, and is furthermore satisfied that in a number of the essential points of said report and ordinance, the provisions are in direct violation of both the letter and spirit of the amended Charter, rendering the passage of the same uncless except to defeat the objects and intert of the law, and which the says) will result in involving the city government in dieastrous hitigation and embarrasements, and to some extent prevent the proper discharge of duties devolving upon the several departments. The report, after further remarks, enumerates some of the objectionable features in the majority report. One is that it creates an officer in the bureau of the Collector of City Revenue who is to be charged with dutles in conflict with those of an officer established as chief officer of the bureau having in charge the public Markets, under the organization of the City Inspector's Department, and which cliner is called the Superintendent of Markets, and who is by law vested with the inspection, regulation and the management of the Public Markets is vested in the City Inspector's Department cannot in claims, selfthe manare collected by the next unclaims, selfthe manare collected by the next unclaims. and manage the Public Markets is vested in the City Inspector's Department. The officer in the Finance Department cannot it claims, self the manure collected by the performance of the work of street clearly under the direction of the City Inspector and that it can be shown by right and law that the manure thus collected is in the unture of personal property of the Corporation in the custody of the City Inspector, even prior to its remayal upon the affect. The the sales of

Department, are struck out, and the remainder of the ordinance is agreed to without making further amend-

ments.

Ald. FULLMER moved to print his report, and that the subject be made the special order for next Monday.

Ald. McSpenon moved for action on the matter tonight. The motion for next Monday was carried.

BOARD OF SUPERVISORS.

MONDAY, Oct. 12.—Supervisor McSpedon in

Enauthorized Expenditures—The Committee on Criminal Courts reported in favor of paying the follow-

resolution providing for furniture was adopted, and did not understand to at any such expenditures as these

would be incurred.

Ald TUCKER said be had visited the Police Court in Add. Textil and he had visited the Toxical and hed seen the reckless extravagance gone into. Each Police Justice and each gentleman about the Court seemed to have a private room, with lounges and other expensive furniture. This was one of the ways in which the tax-payers were being wronged, and it was time to have a check put to such extrava-

gance.
Ald. Banta opposed the bills wherein days' work, beside the contract work, were charged. They seemed to him exorbitant.
Ald. Clascy contended that the expenditures were

Aid. Claser contended that the expenditures were necessary, and the accommodations complained of were for the reception of ladies who occasionally had business at Court, as well as for investigations and other proper purposes. The emergency of the case justified the Magistrate in having the work done, and he could not see how it could have been avoided. He hoped the objections of Aid. Tucker would be overmiled.

Ald. TUCKER read the resolution, which only provided for desks and other necessary furniture, and not for plumbing, mason work, carpenter work and the fitting up of reception rooms.

A.d. Owers opposed the bills; and pointed out the descript the Supervisor were allowing unauthorized par-

Ad. Owens opposed the bills; and pointed out the dauger, the Supervisors were allowing unauthorized parties to mear expenditures in this city work. It would be a bad precedent to establish, and he hoped the bills would be voted down.

After other discussion the bills, amounting to \$1,815 45, were ordered paid.

Fitting up the rooms of Supreme Court.—Bills, amounting to \$4,438 13, for refitting the Supreme Court rooms, were reported favorably of by Ald. McConnell and Moneghan.

Ald. Blunn presented a minority report against the same; said the work, according to the recolutions, should have been done under supervision of the Committee on Civil Coutracts, but instead of this it was done without his knowledge, and, therefore, illegally.

Ald. Tucher opposed the bill; he had heard if was not all right, and he had been asked to have the claim investigated. He hoped, therefore, it would be laid on the table, or referred for that purpose.

Ald. Banna favored an investigation; as the subject stood he could not vote for it.

Ald. Moneghan contended that the bills were correct, and that the Controller's Impectors saw to it as well as he and Alderman Blunt, that he was satisfied with the work after seeing it. How he should bring in a minority report he could not see.

Ald. Blund delayed he never was notified of the work going of After it was finished he saw it, and

to inquire if his inspectors had superintended the work, and found that such was not the case; the Controller had no knowledge of this extraordinay job.

Ald. Moneghan consented to the bill being laid

Ald. Monghan consented to the bill being laid over, which was done.

The Sheriff's bill, amounting to \$2,763.94, was nort taken up. It was for the expenditures, &c., of the last quarter. Ordered paid.

Tax Commissioners' i ffer.—Bills amounting to \$300.19, for fitting up the office of the Tax Commissioners, were ordered paid.

The Poss Monten Claim of Dr. Abraham.—The Commistee's teport in favor of giving \$25 for the post morten on they came up again.

Ald. COULTER contended that the charge was not unreasonable, and urged its payment.

Ald. ADAMS said it was not the small sum, but the principle and the bad precedent the payment of the bill would set. The best surgeons in the city were satisfied with the usual sum. He hoped the bill would be referred back.

The bill was so referred.

The Coroners' bills for the last quarter, amounting in all to \$3.865.31, were called from the table by Ald. Clancy.

bills, but all others, should be referred and examined into. He heped a special committee would be appointed to examine the Coroners' bills, for the Board otherwise would to know that they were all right. For instance, he had found that the labor charges on each bill of inquest were from \$1 to \$40. He was willing the Coroners should make all they could if it was right, but to pay bills of this description immediately on presentation was a very dangerous proceeding. He wished to see every claim go to a committee.

Ald. Fulmer opposed a hasty adoption, and favored reference to a committee, all Burn inquired about the post-mortems and was answered that they were given in a seperate bill.

The question on a relevence for examination was cerried; also the bills for post-mortems. Sundry other bills were referred.

Opinions from the Counsel to the Corporation.—A communication was received from the Counsel to the Corporation is answer to the resolutions as to whether the Metro of the Police Commissioners have any right to breeze the number of parolinen over five, and whether they have any right to discontinue the services of paroline of the Municipal Police without first preferring the charges and giving the parties a hearing by counsel, &c. The Counsel holds that the Counsissoners should have preferred written charges against those they removed, and that the Supervisors in not adopting express legislation in fixing the number of men seemed admit that the Commissioners had the right to appoint more than five. Mr. Cholwkil offered the following resolution:

Resolved. That hereafter there shall be no detained of men for special duty, except by special order of this Board.

Mr. Bowes thought that such a course would entail a great deal of labor upon the Board, and which they could not attend to as well as it was now done, because it would be impossible for each member of the Board to understand the capabilities of the mea proposed to be detailed.

In the case of James Toomey in Brooklya, the Committee on General Discipline moved that his pay be suspended for thirty days. The charge against him was using violent language against a superior officer. The report was adopted.

In the case of Henry Johnson, a member of the police in Brooklyn, the committee submitted a report in which they recommended that he be dismissed, it appearing that his offense, intoxication, was the second instance. Johnson's counsel appeared and asked that he be heard before the Board, or a committee spointed to consider it, before the Board took any action upon the matter, as he thought the charge was not proven by the evidence. It was arranged that he argue the case before Mayor Powell and Mr. Stranshan.

Mr. Bowen moved that the names of these parties and those on the list for the Thirteenth Ward be also adopted by the Board.

Mayor Wood asked for a division of the question. On the question of confirming the report of the Committee on the list for the Thirteenth Ward the Board stood equally divided. Mesars. Nye, Bowen and Stranshan voted in favor of confirmation, and Mesers. Wood and Powell and Mr. Cholwell against it.

On the other division of the question the confirmation of the names contained in the communication presented by Gen Nye, the Board was divided in the same way. The motions were therefore declared lost.
